TRANSPORTATION

I will be providing transportation for my service team. I acknowledge that I must have a current CORI on file with PRSD in order to participate.

The transportation will be provided in a registered vehicle owned by _____ that meets at least the minimum insurance coverage of \$100,000/\$300,000. I will provide a **certificate of insurance** as proof of current and active automobile insurance.

I understand that any alternative transportation arrangements are only possible through a parent leader currently on file with the Middle School Community Service Program.
